

SUNWING INDUSTRIES LIMITED

Care and maintenance of Artificial Soccer Grass Fields

Basic requirements:

- 1.Keep the field clean
- 2.Setting "NO SMOKING" logo around the field.
- 3.No motor vehicles and heavy objects enter the activity field.
- 4.Set up enough trash can.
- 5.Control the use of fields.
- 6.Check timely and repair the grass

Clean and conservation:

- 1.use vacuum cleaner to exclude paper, shell and other debris after playing.
- 2.every two weeks with a common brush to comb the grass again, remove dirt and leaves and other debris.
- 3.monthly or frequently after the race, brush the rubber and sands flat.
- 4.use water or let rain clean the dust on grass.
- 5.in summer, use water shower sprinkled lawn , so that players can feel cool.

Removal of stains:

- 1.juice, milk, ice cream, blood stains and other "water-like" stains, first use a pond water scrub, and then rinse thoroughly with water to clean.
- 2.shoe polish, sunscreen, ball-point pen oil, can be cleaned by perchlorethylene wipe, then use a strong adsorption towel to dry yarn.
- 3.white wax, asphalt and asphalt, wipe with force or with perchlorethylene.
- 4.nail polish, can be wiped with acetone.
- 5.paint etc., can use turpentine or paint remover. And then wash with cold water.
- 6.chewing gum, use Freon into small pieces and then remove the residue.

7.fungi or mildew, 1% hydrogen peroxide can be poured into water, wipe thoroughly after soaking with water.

Repair

1.carefully check the joints if any loose at the bottom or damage, tearing, burning of grass and so on. Heavy damage, if any, should contact the installation company in time.

2.rinsing and heavy rain will make a large loss of infillings. Need to make up quartz sand and rubber, and completely swept into the turf.

Prevent the incident:

- 1.No smoking, fireworks explosion battle, welding.
- 2.No throwing chewing gum, peel snacks, fruit juice drinks, oil and so on.
- 3.No vehicles, motorcycles and other vehicles and heavy objects into the garden.
- 4.No high heels, javelin and other inappropriate footwear or sports things.
- 5.No use of chemical cleaners, herbicides or pesticides.
